Shedworld requires a flat and level site on which to stand a garden shed. This site must be accessible from where our truck will be parked. There can be no height restrictions, steps or other obstructions on the route to the site. Customers are asked to provide concrete blocks on which to erect the shed. If needed, Shedworld can provide blocks for an additional fee.

Options:

Extra Windows either side of door (where possible): 40.00

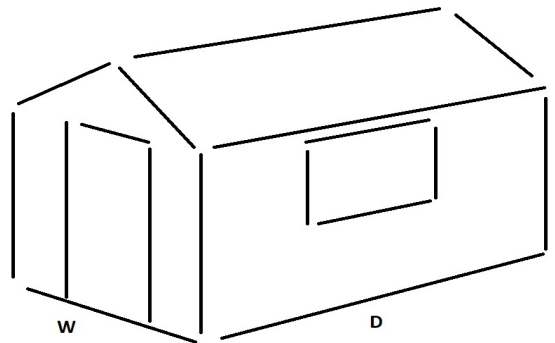

Extra Windows: 30.00

Double Doors: 80.00

Shelves (basic): 20.00

1ft Overhang on Roof (felt): 30.00

1ft Overhang on Roof (steel): 60.00

Prices valid from 1/3/24 and are subject to change without notice. All prices include VAT @ 13.5% unless stated otherwise. Full delivery T&Cs available on our website. E&OE.

- Prices are inclusive of V.A.T. and delivery. Sheds will be erected on site at no extra cost – subject to site suitability
- Standard specifications include:
 - Perspex windows – non opening
 - Mineral felt roofing, pressed steel roofing available as an optional extra, POA
 - Tongued and grooved doors
 - Sheds are assembled with nails, not staples
 - Rustic Sheds - Breather Felt Lining can be fitted as an optional extra – POA
 - T&G & BB Sheds – Breather Felt Lining as standard
 - Optional Heavy Framework
- Sheds can be built to custom size and specifications, prices available on request
- Prices and specifications are subject to change
- The diagram below represents the basic layout of a cottage style shed, with two, non opening timber windows, one either side of the door, which is located centrally on the long side of the shed.
- Customers must supply concrete blocks to support the shed and provide a suitable site for the shed; Flat and level and free from obstruction. ShedWorld can provide blocks for a service fee, depending on the site and the size of the shed. If you do not have a side entrance or there is any height restriction over a side entrance you need to let us know.
